

HTZ-Series:

The ultimate solution anywhere trapped pressure is an issue

Applications:

- ideal for hydraulic applications where connecting against residual pressure is required, largely used in the construction equipment market

Body Size	Threads	Steel Part #
1/2"	1/2" -14 NPTF	4HTZF4
	3/4" - 14 NPTF	4HTZF6
	3/4" - 16 ORB	4HTZOF4
	7/8" - 14 ORB	4HTZOF5
	1/16" - 12 ORB	4HTZOF6

Features:

- can be connected with residual pressure in the coupler up to **1,500 PSI**
- connectable with trapped pressure on the HTZ coupler half only
- use in conjunction with HT series and other ISO16028 plugs
- flat face design is less susceptible to system contamination

Materials:

- componentry: RoHS compliant zinc nickel plated steel
- rings and pins: stainless steel
- seals: nitrile / polyurethane standard

Specifications:

- temperature range of **-65°F to 212°F (-54°C to 100°C)**
- pressure rating 5000 PSI at **70°F (21°C)**
- available in NPTF and ORB threads
